

a Greater Greenville Community Foundation Charitable Fund  
*Experiencing Nature - Doing Science - Having Fun*

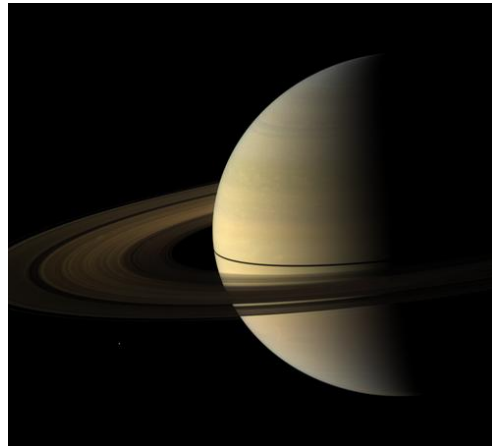

You are invited to come to the Bray Hollow Nature Center to join

*A Time for Science*  
and  
*Carolina Skies Astronomy Club*

for a Spring

*Equinox Party*

Saturday, March 20 starting when the stars come out

Please pre-register for this event on-line at

[www.atimeforscience.org](http://www.atimeforscience.org)

*Weather and cloud cover permitting.*

❖ Telescopes will be available for viewing Saturn, Mars, and other interesting night sky objects.

❖ A tour of the Spring Sky will be presented.

❖ Come at sunset to learn how to set your own home viewing compass points with the setting sun

Mars will be setting but Saturn will be rising and, after a period in which they were obscured, her rings will be coming back into view. A tour of the Spring sky will be given in which we will be able to see Lepus – the spring-time rabbit - and learn how she is the source of the Easter Bunny legend.

**ALSO, THIS IS YOUR CHANCE TO GO TO MARS**

WHILE AT THE NEW *A TIME FOR SCIENCE* CENTER EVERYONE WILL HAVE A CHANCE TO REGISTER THEIR NAME TO BE INCLUDED WITH OTHERS ON A MICROCHIP ON THE *MARS SCIENCE LABORATORY* HEADING TO MARS IN 2011!
