- Reservations are needed by Wednesday September 23<sup>rd</sup> and only the first 20 families can be accepted. E-mail [atfs@atimeforscience.org](mailto:atfs@atimeforscience.org) or leave a message at 252-746-4470.
  - Contact information (so that directions can be provided)
  - Number of adults in party
  - Number of children in party (and ages)

\*TACO is a nation-wide program started in response to the publication of Richard  
Louv’s book,

***Last Child in the Woods: Saving Our Children from Nature Deficit Disorder.***

and is designed to help break down obstacles that keep children from discovering the natural world. By arming parents, teachers and other caregivers with resources on outdoor activities, our goal is to help children across the country develop a better understanding and appreciation of the environment in which they live, and a burgeoning enthusiasm for its exploration.
